La nostra azienda

OUR COMPANY

Nel 1962 la società Agrati inizia la propria attività di lavorazione del ferro, specializzandosi nella produzione di **articoli per giardinaggio**: in breve tempo i propri **carrelli avvolgitubo**, insieme ad altri utili articoli da giardino, si affermano in Europa e quindi nel mondo.

Attualmente Agrati è un punto di riferimento a livello internazionale nel proprio settore: ciò grazie alla ampia gamma dei prodotti proposti, in grado di soddisfare ogni richiesta del mercato, alla loro qualità e design. La continua attività di ricerca e innovazione consente ad Agrati di dare la giusta risposta alle esigenze di chi si dedica al giardinaggio, sia esso hobby o professione.

Ciò che ci contraddistingue oltre alla profonda esperienza nel settore degli articoli per il giardinaggio ed alla continua ricerca e sperimentazione, è la produzione da noi eseguita interamente in Italia: ciò a garanzia di qualità e della completa soddisfazione del cliente.

TRADIZIONE E INNOVAZIONE

Grazie alla continua attività di **ricerca** e **innovazione**, insieme all'impegno dell'azienda sul fronte della **qualità** (dal 1999 il nostro sistema di qualità è conforme alla normativa UNI-EN-ISO 9001), l'ampia gamma di prodotti Agrati è oggi affermata e ben apprezzata anche sui più importanti mercati esteri. Inoltre sempre più attenzione viene rivolta all'impatto sull'ambiente della nostra attività industriale.

COMPONENTI INDUSTRIALI

Oltre agli **articoli per il giardinaggio**, la nostra società opera con successo nel settore della **tranciatura - imbutitura - profondo stampaggio - piegatura - puntatura di componenti**; nel corso degli anni, importanti collaborazioni internazionali hanno rafforzato la nostra esperienza e competenza.

ATTENZIONE AL CLIENTE

Da sempre la nostra società è pronta ad ascoltare le diverse richieste provenienti dai propri partners per rispondere meglio alle esigenze dei mercati. Siamo quindi in grado di produrre componenti su disegni e secondo le specifiche fornite dal cliente.

A COMPANY WITH SOLID FOUNDATIONS

Established in 1962, the Agrati company made itself renowned, through the years, on the European market and then on a world scale for its production of hose reel trolleys and other garden tools. Now it is a modern and dynamic company looking ahead, with new projects and more attention paid to design, research, materials selection. In fact, together with the well known and appreciated range of hose reel trolleys, nowadays Agrati is proud to display new products marked by original and innovative features. What sets us apart, along with the depth of experience in the field of gardening articles and the continuous research and testing, is the manufacturing process entirely carried on at our factory in Italy: this is our guarantee of the highest quality standard and the full customer satisfaction.

TRADITION AND INNOVATION

Thanks to the continuous research and innovative, together with the commitment for quality (since 1999 our Quality Management System is in compliance with the UNI-EN-ISO 9001 norm), nowadays the wide range of Agrati products is renowned and well appreciated in the main foreign markets. Moreover we are now considering with the greatest attention the impact of our industrial activity on the environment.

INDUSTRIAL COMPONENTS

Apart from the appreciated gardening tools, our company manufactures with successful results metal components by shearing - cold forming - deep pressing - bending - contact welding; through the years, important international cooperations have made our experience and ability stronger.

CUSTOMER ORIENTED

Our R & D Team is always ready to listen to the different enquiries from our partners, in order to answer better to the many various request that we continuously receive from the world markets. We are able to produce new items in accordance with any technical specification from our partners.
