Hose reels

Special Hose reels

info@agrati.net - http://www.agrati.net

Art. 7101

A special uncoiler cart for PEX pipe used for underfloor heating applications; steel made and coated with no-toxic polyester powder.
Equipped with a reel with adjustable width; the reel can be removed from the frame and opened for the easiest pipe roll installation.
The octagonal shaped reel discs avoid the reel to move when it is removed from the frame and placed on the floor.
Fitted with pneumatic wheels (220 mm dia.) to avoid any possible damage to the pipe already laying on the floor.
The wheels are installed inside the frame to reduce the overall cart width, so that the cart can be driven through doors.

TECHNICAL DATA

Capacity
200/600 m PEX 16x2

Item Dimensions
1010 x 745 x 1100 mm

Gross Weight
23,000 kg

Box sizes
1030 x 750 x 1110 mm
